Working Hands Fibre Arts Studio  
White Rock

Following is the outline for the day. If you are interested and would like to register, please email for more information.

[info@venessabentley.ca](mailto:info@venessabentley.ca)

### Moebius Workshop

During this full day workshop, you will begin, and make good progress through two projects that involve the Moebius Cast On and the Applied I-Cord Cast Off. You will not finish them in class, but will be introduced to all techniques needed to do so on your own.

#### Morning

organizing needles and yarns

introduction to the moebius concept and Cat's books

the Moebius Cast On

cast on for the first project: the moebius scarf

working time on the scarf and take a coffee break

demonstration of the Applied I-Cord Cast Off

discussion and demonstration of finishing techniques

## Lunch Break

### Afternoon

review the *Moebius Cast On*

cast on for the moebius basket and knit the handle and brim,

stopping to discuss insertion of waste yarn

review of the *Applied I-Cord Cast Off* and work time (this will take time to do)

picking up stitches for the bowl of the basket and removing the waste yarn

knitting the bowl of the basket

discussion of finishing techniques and the felting process

We will work from *Cat's Second Treasury of Magical Knitting* and you will receive additional notes explaining each technique and process.

You will receive a supply list when you register. There are currently four spots left. Register soon and join in the fun!
